

Reference letter for HTMi

Swissôtel Zurich hereby confirms that our hotel works in close collaboration with HTMi Hotel and Tourism Management Institute Switzerland in Sörenberg. We are providing its students the opportunity to undertake internships in the kitchen and service departments of our hotel.

All students from HTMi stand out from accomplishing the high standards of the Swiss education and developing the principles of Swiss Hospitality.

It is our pleasure to cooperate with HTMi and giving the students an opportunity for developing their careers in the hospitality industry and making a difference together.

Swissôtel Zurich is looking forward to continue working together with the HTMi Switzerland and their students. We would like to thank them for the good working relationship.

Zurich, 22nd May 2018
